

MSDS FOR PU COATED PAPER

ISSUING DATE: 2016-12-25

1. Commercial product name/company name

PU coated Paper

Manufacturers details

Guangdong T&H New Material Co., Ltd.

Xile street 10, Centre Science And Technology Zone,

LePing Town, SanShui District, Foshan,

GuangDong, P.R. China

Phone: + 8675787384903

Fax: + 8675787380598

2. Composition/Details of components

Chemical characterization: Mixture

Compositon: Paper-----75-85%

Inks-----5-15%

Topcoat-----5-15%

Free of Harmful material

Danger symbol:None

EC-No:None

R-Phrase:None

3. Possible risks

This Material is not expected to cause any health or safety hazards, when used as intended.

Eye: may cause eye irritation.

Skin: Does not cause skin irritation.

Inhalation : Avoid the skin contacting when the material is heated.

Ingestion: This material is not expected to be hazardous by ingestion.

4. Frist Aid measures

Primary Entry: It is not expected to be first Aid Measures.

Eye contact: Immediately flush with large amounts of water.

Skin contact: It is not expected to required first aid measures. In case of emergency, may wash with soap and water.

Ingestion: None

Inhalation: None

5. Measures in case of Fire

MSDS FOR PU COATED PAPER

ISSUING DATE: 2016-12-25

Extinguishing media: water, water vapour, foam, powder, Carbon Dioxide, Dry Chemical.

Special Fire-fighting procedures: Wear a self-contained breathing apparatus and protective clothing.

6. Measures of accidental release

Collect in a noncombustible container for prompt disposal.

7. Handling and storage

Personal Precautions: No special precautionary measures should be needed under anticipated conditions of use.

Storage: Stay out of the sun and keep away from heat and sun-light for a period. Store it in cool and a ventilated area.

8. Limits of exposure and personal protective equipment

Limits of exposure see chapter 15

Breathing protection: It is a good industrial hygiene practice to minimize eye contact.

Respirator protection: It should be not needed under normal conditions of use.

Hand protection: Gloves which protect against cuts are needed.

9. Physical and chemical characterization

Form :	Solid
Colour:	White.coloured.printed or others
Odour:	Odorless
Boiling point:	Not applicable
Flash point:	>200 degC
Area weight:	30-120 g/m ²
Vapour pressure:	Not applicable
Solubility in water:	Weak
pH-value watery solution:	Not applicable
Dust explosion limit:	Not determined

10. Stability and reactivity

Thermal decomposition: No thermal decomposition if handled and stored

properly.

Hazardous decomposition products: No hazardous decomposition products if handled and stored properly. In case of thermal decomposition generation of carbon monoxide, carbon dioxide and other toxic gases.

Hazardous reaction: No hazardous reactions if used properly.

11. Information of toxicity

Acute toxicity: Not applicable

12. Information on ecological effects

None

13. Advice disposal

Land fill or dispose in accordance with local, state or federal regulations.

14. Information on transport

Hazardous goods according to transport regulations **NO**

****This information given is based on present state of knowledge and experience. The safety data sheet described the product in respect of safety requirements.*
